working with people with learning disabilities training in learning disabilities care you don't have to go it alone caring for people with learning disabilities is one of the most challenging and rewarding roles in health and social care but with a range of awards certificates and pathways available to work based learners it can be a confusing area that's why we've put together a one stop handbook to support your training and continuing professional development in caring for people with learning disabilities here in one place is all the topic knowledge assessment support and practical advice you will need for a range of learning disabilities qualifications core topics are linked to the specific learning and assessment objectives you need to cover for up to 22 qcf units case studies tie learning into the many different situations and roles across home care residential care nhs and private settings this book is especially useful for candidates taking the level 2 award in learning disabilities level 2 certificate in learning disabilities level 3 award in learning disabilities level 3 certificate in learning disabilities it's also a must have reference for those who want to brush up skills and knowledge from previous qualifications so whatever your level of specialism give yourself the tools you need to survive and support your clients with learning disabilities

references selected on basis of usefulness in various disciplines includes for the most part journal articles books and proceedings dating from 1964 1973 alphabetical order by primary authors entry gives bibliography and annotation author subject indexes v 1 3 1971 references

many practitioners within health and social care come into contact with people with intellectual disabilities and want to work in ways that are beneficial to them by making reasonable adjustments in order to meet clients needs and

expectations yet the health and wellbeing of people with learning disabilities continues to be a neglected area where unnecessary suffering and premature deaths continue to prevail this text provides a comprehensive insight into intellectual disability healthcare it is aimed at those who are training in the field of intellectual disability nursing and also untrained practitioners who work in both health and social care settings divided into five sections it explores how a wide range of biological health psychological and social barriers impact upon people with learning disability and includes six guiding principles used to adjust plan and develop meaningful and accessible health and social services assessment screening and diagnosis of intellectual disability across the life course addressing lifelong health needs psychological and psychotherapeutic issues including sexuality behavioural and mental health needs bereavement and ethical concerns the changing professional roles and models of meeting the needs of people with intellectual and learning disabilities intellectual disability in health and social care provides a wide ranging overview of what learning disability professionals roles are and provides insight into what health and social care practitioners might do to assist someone with intellectual disabilities when specific needs arise

table of contents

this book describes the development of a differentiated network of disability care in a developing rural area consisting of a number of townships in south africa the network includes residential care for abandoned neglected and orphaned children with physical and or intellectual disabilities semiresidential care in group homes for young adults with a disability and daily care in day care centers for families with a disabled child in the surrounding townships and home based care for families with a disabled child at their homes what follows is an analysis of how home based care is carried out in two other african countries uganda and zimbabwe by a nongovernmental organization in the netherlands aiming at direct child assistance and capacity development in developing countries finally in service training activities are described that are

necessary for the transition from a residential nursing oriented facility to a community based care organization

featuring 11 chapters each one with a detailed glossary learning to care for people with learning disabilities is designed to be used as a reference book in either the clinical setting classroom or at home chapters are re divided into discrete sections reflecting contemporary learning disability nursing practice references to care in a range of primary and secondary care settings are made throughout the book each chapter begins with key points and concludes with a summary of the significant points to reinforce learning
